

Hello, world!

A. U. Thor <a.u.thor@somewhere.edu>

Here is a hello-world template document to illustrates a few ConT_EXt features. Have fun. You can find a lot more information at [ConT_EXt wiki](#); the preceding text should be colored and clickable, and clicking it should take you to the wiki.

A list

Here is an example of a list.

- a. first
- b. second

Math

An equation can be typeset inline like $e^{\pi i} + 1 = 0$, or as a displayed formula:

$$\int_0^{\infty} t^5 e^{-t} dt = 120. \tag{1}$$

And you can refer to them by name.

Text with figures

Now text with a few figures. The first figure goes on the right, with the paragraph flowing around it.

Here's another reference to the numbered equation – equation **1** on **page 1**, so that you can test clicking on it or on the page reference.

```
name: dummy
file: dummy
state: unknown
```

This document is in the public domain, so that you can improve it, share it, and otherwise do what you want with it. Suggestions are welcome.
You can send them to me at sanjoy@mit.edu (Sanjoy Mahajan).
